C. J. P. 8000

SUPPLEMENTAL AMENDMENT

This Supplemental Amendment is supplemental to the amendment filed with the Request for Continued Examination mailed October 11, 2001. Applicant thanks the Examiner for his personal interview with Mr. Mark Watkins on October 18, 2001.

A Supplemental Information Disclosure Statement accompanies this Supplemental Amendment.

In the Claims

Please cancel claim 40 without prejudice or disclaimer.

Please amend the claims as follows:

39. (Amended) An architectural molding comprising:

an extruded flexible plastic foam member having a length, front and rear sides disposed along said length, and a cross sectional profile constant along said length; and

at least one layer of adhesive disposed on at least a portion of said rear side;

said cross sectional profile comprising a front side profile selected from the group consisting of front side profiles of crown molding, cove molding, fillet and fascia molding, torus molding, reeding molding, cavetto molding, scotia molding, conge molding, beak molding, chair rail molding, and base molding;
